## Black History Month

Black History Month is an annual observance and recognition of generations of African Americans who suffered injustices and challenges to provide equality and justice in our country. As we celebrate these brave men and women, let us show honor by continuing their great example to others around us.

Darkness cannot drive out darkness; only light can do that. Hate cannot drive out hate; only love can do that.

-Martin Luther King, Jr.

Message from Coach Sadie:

February is heart health month and we're about to kick off this year's kids heart challenge with the American heart association, and I'm leading our school's team! Our students are ready for fun! They'll be moving A LOT more doing things like dancing, shooting hoops, jumping rope, and conquering a warrior obstacle course. While they're having fun, they're learning about gaining physical and emotional strength while they're supporting a great cause! A true "win-win!" Please look out for more information coming very soon!
